Education is the knowledge of how to use the whole of oneself. Many men use one or two faculties out of the score with which they are endowed. A man is educated who knows how to make a tool of every faculty — how to open it, how to keep it sharp, and how to apply it to all practical purposes.

#### DEDICATION

In a world where science is playing an increasingly important role in shaping our future, we at Finch are indeed fortunate to have on our faculty a man of outstanding teaching ability in this field.

DR. THOMAS S. MENDENHALL'S academic influence has been an inspiration to us, and his participation in our outside activities has encouraged us all to develop interests which will serve us well in later life. The vigor of his daily relationships with the students has made him an essential part of the Finch College Community. His care and attention to detail in both the academic sphere of the student's life, and in individual problems have made his influence and opinion both respected and desired.

Because of his outstanding qualities and because of our warm personal regard for Dr. Mendenhall, we respectfully dedicate this yearbook to him.

When we recognize the value of literary and cultural influences on our lives, an appreciation of the humanities becomes increasingly vital.

We therefore feel that it is fitting at this time to honor DR. JOHAN S. EGILSRUD whose intellectual and artistic approach to the teaching profession has been so stimulating and enriching.

We regret that Finch is losing such an outstanding professor, and we all join in wishing him a long and rewarding life.

In acknowledgement of their devoted service to our College, we wish to express our deep gratitude to Miss Dorothy M. Armbruster and to Miss May B. Van Arsdale.

President of the College

"Education is a companion which no misfortune can depress, no crime can destroy, no enemy can alienate, no despotism can enslave. At home a friend, abroad an introduction, in solitude a solace, and in society an ornament. It chastens vice, it guides virtue, it gives, at once, grace and government to genius. Without it, what is man? A splendid slave, a reasoning savage."

## 9 CO-EDS TO STUDY YEAR IN 4 NATIONS

### Finch Students Are Sailing Tomorrow for Europe

By WOLFGAN, SAXON

Finch College gave a bon voyage party yesterday for nine of its students who are leaving for Europe tomorrow to spend their junior year examining the art treasures and politics of four countries.

About fifty persons joined them at a buffet supper at the college's New Lounge. The guests included parents, faculty and alumnae.

The young women are participants in the Finch Intercontinental Study Plan, now in its second year. They will stay about two months each in Madrid, Rome, Paris and London, with field trips to many other cities.

Since last January they have been studying the cultures of the four countries they will visit. Their first floating classroom will be on board the Cristoforo Colombo, which will take them to Gibraltar.

Dr. Roland R. De Marco, president of the college, said yesterday he would lecture two hours a day on American history, government and economics. There also will be Italian lessons on the ship.

#### Instructors Available

Dr. De Marco will leave the group in Madrid, their first capital, to return to New York for the start of the fall semester. The girls will be accompanied by a social director and by their Dean of Women, Mrs. Jean C. Glidden, throughout the academic year.

At each capital, they will be met by a set of instructors actively engaged in the political and cultural lives of their countries, Dr. De Marco said.

The program will be conducted entirely in English. But intensive language instruction and local exposure will give the women conversational knowledge of three foreign languages.

The two semesters will end next May 25 in London, after which the women may stay on in Europe if they have their parents' permission. Dr. De Marco estimated that the trip would cost each of the students more than \$4,000. Three of the women, however, are on scholarships given by the college.

Finch College has an enrollment of about 300 women. It is located at 52 East 78th Street.

# FINCH FOSTER CHILDREN

Dear foster parents,

I received Betty's letter and I thank her very much for writing to me. This month seemed endless to me with so much snow and cold. However, I liked snow very much and we enjoyed it playing with snowballs and making a snowman which lasted about eight days. I was a little careless and got a cold. I had to stay in bed for several days. I am all right now again. I received your grant of \$8.00 for this month, as well as a skirt and a sweater". I thank you very much for everything and I wish God will always give you health and happiness. I send my respects to your family and my mother sends you her best wishes. With love, your foster daughter,

Georgia Aplada.

Dear foster parents,

Thanks so much to sister Betty and other members of Finch Club for the monthly cash grants of Won 1,037.60 (\$8.00) as well as the shirt and a pair of sneakers that we received last month.

I am also most pleased with your letter of November 11th, dear Betty.

I would like to call you as sister, wouldn't you? I am also thrilled to hear that you posted my letter before your students. I am ashamed of my letter. I am doing well since our school resumed last month.

So long.

best,  
Suh Tong Shik

*We are proud to have chosen Mr. David Loth as our faculty advisor and we are both fortunate and grateful that he accepted. The staff recognizes a deep indebtedness to Mr. Loth for the support and the confidence that he has so willingly provided. We can only hope that the staff of '64 will be as fortunate. Thank you very much, Mr. Loth.*

*The Skyline Staff*

We of the *Skyline* staff wish to express our gratitude to Mr. Emil Schmidt of Bradbury, Sayles, O'Neill, Hurley & Thomson, Inc. for his services to Finch which extended far beyond the call of duty.

Education is the knowledge of how to use the whole of oneself. Many men use one or two faculties out of the score with which they are endowed. A man is educated who knows how to make a tool of every faculty — how to open it, how to keep it sharp, and how to apply it to all practical purposes.

H. W. Beecher
